The Door to Nowhere (Pay no attention to the sign)

Chapter 1 by Esme Nebulous

Thump.Thump

“Great,” I thought, “Thumping noises in the middle of the night, I’m totally not going to die.”

The door creaked open, letting vivid bright lights spill into the room. A dark shadow crossed my room and planted itself at the foot of my bed.

“ Awake yet?” Whispered a soft voice “ I’m Shane, a seer. Don’t know what that is yet, you’ll find out soon enough. Nice dream you had.”

“ It was more like a nightmare. Wait, how did you know?” I hissed, careful not to wake the other girls.

“ I’m a seer Evelyn- Rose. Nice name Droonie.”

“ Droonie? What’s a Droonie?”

I slipped out of the door slowly, the floorboards creaking under my weight. The empty space housed no one, with a pop hole.

“ Coming Evelyn- Rose?”

I held my breath and jumped in after him.

Next thing I know, I was falling.

Smart thing of me to do. Follow someone I just met to the literal ends of the Earth.

“ Could you try not to land on me and almost collapse my lungs next time Droonie?”

“ Aw darn, my attempt to collapse your lungs didn't work.” I said with an eye roll.

He gripped my hand and led me to a black car. The kind my father would've loved if he were still with me. He and my mother left the instant I was born.

A young girl no older than 14 was in the passenger's seat.

“ I'm Ava, and I'll be teaching you how not to die in our world.”
